The graphics of this game also bear a striking resemblance to the film. To win, you must unlock all the gates in time, in order to survive and race to the finish line. In the game, Vanellope uses her car and the driver's seat as control. You will need to deal with a traffic jam, speed around the bends and then race against competitors. The game has 52 new levels, and each of these levels offers a new challenge. With tons of cars, cool special features and amazing effects, you are sure to be addicted! Game Features 30 unique maps Compete with players from all over the world Simple, intuitive controls Set numerous records, all while listening to unique tracks In-game currency lets you unlock vehicles and perform upgrades Control Vanellope, the main character Vanellope, the sweet tea who was trapped in an arcade game and escaped using her automobile, has a new way of life. She lives in the candy kingdom. As the princess of the candy world, she has the opportunity to do whatever she wants with cars, billboards and the other objects. To achieve her goals, she uses her magic vehicle and her driving skills. The game starts in the level where Vanellope has just started to enjoy the sweets. In order to fulfill her desire, she has to fight with rival cars and perform stunts. 2 / 5 Digger Adventure Digger Adventure: Gold & Diamonds is a new game, where players have to search for precious gold and diamonds. The aim is to dig with a digger, and the deeper the digger goes, the more gold and diamonds it finds. During the game, you will be offered different levels to dig in, and it is up to you to decide whether to move on or return to the surface. The game has 51 challenging levels to solve and it takes you about 30 minutes to complete. The graphics are 2D, and the game is easy to play. The 3D effect is only available when you tap and control the digger. The player is required to dig in and discover the hidden treasure. They can use the shovel to dig, and the reward is that you can get more. Of course, more digging is not always the best choice. Players need to carefully choose the place to dig, since there are some walls and rocks that cannot be moved. You can use the shovel to dig, and the reward is that you can get more. Of course, more digging is not always the best choice. Players need to carefully choose the place to dig. 82157476af
